# BHASKAR MAJJARI

Software Engineer

+91 9573440856 ◇ majjaribhaskar@gmail.com ◇ LinkedIn

## PROFESSIONAL SUMMARY

Proactive Software Engineer with 1 year of hands-on experience building responsive, user-friendly applications using React.js. Skilled at enhancing existing projects to add functionality, optimize performance, and deliver seamless user experiences.

## WORK EXPERIENCE

**ICROZ SOLUTIONS Pvt Ltd** June 2025 - Present

Developed responsive and reusable user interface components using React.js.

- Enhanced existing application features by implementing functional improvements and UI enhancements.
- Optimized application performance to ensure a seamless and user-friendly experience.
- Maintained clean, reusable, and scalable frontend code following industry best practices.
- Collaborated with team members to deliver high-quality web applications within project timelines.

## PROJECTS

**Crop Cutting Experiment (CCE) Survey Web App**

- Worked on a React.js web application for agricultural survey workflows, improving responsiveness and usability.
- Refactored UI components to make the interface more consistent and reusable.
- Integrated REST APIs with backend services to support survey data flow and application functionality.
- Supported build optimization and deployment to ensure smooth application performance.
- Contributed to the development of an AI-powered chat and voice assistant using React.js and Tailwind CSS, enabling agents to interact with survey insights through real-time text and voice queries.
- Integrated speech-to-text, text-to-speech, and REST APIs, and performed UI validation and end-to-end testing to ensure reliable chatbot functionality.
- Followed Agile development practices, collaborating with the team through sprint activities, CI/CD pipelines, production support, and issue fixes.

## SKILLS

| | |
|---|---|
| **Frontend:** | React.js, JavaScript (ES6+),HTML5, CSS3, Material UI(Basics) |
| **Backend:** | Node.js (Basics) |
| **Workflow & Tools:** | VS Code, Git, Debugging, Performance Optimization |
| **Design Tools:** | Canva |

## EDUCATION

**Sri Venkatesa Perumal College of Engineering and Technology** 2020 - 2024
Bachelor of Technology (ECE), CGPA : 7.85

## CERTIFICATIONS

- Web Technologies – PrepInsta
- Introduction to Internet of Things – NPTEL
- Privacy and Security in Online Social Media – NPTEL
